

## Media Applications- Printing Directions

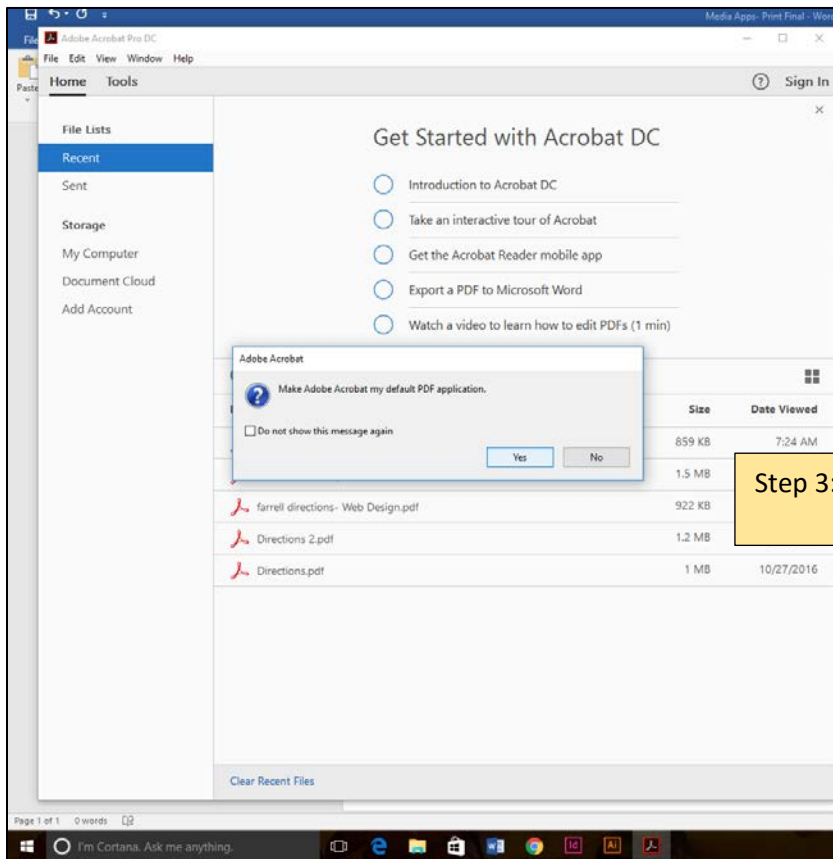

Please note that you still have to print your logo from Adobe Illustrator. However, you do not need to save it as a PDF and print it this way. Just simply print from Illustrator

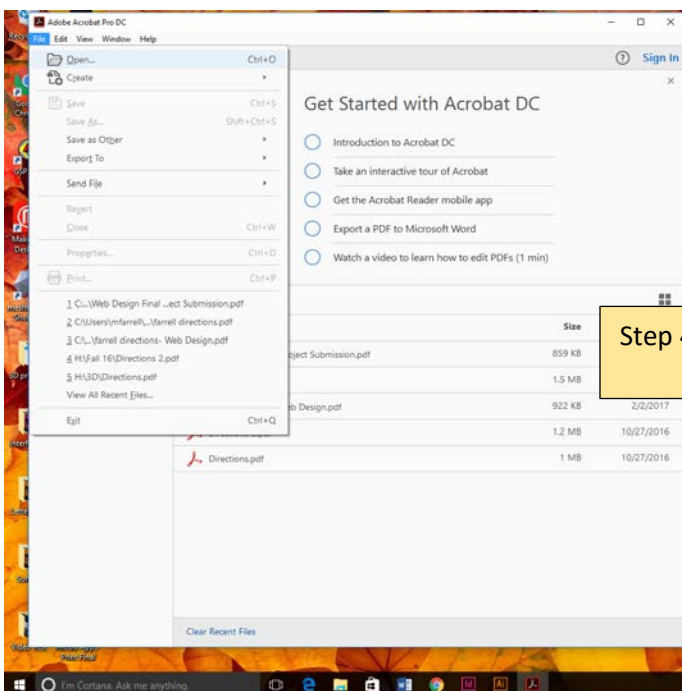

Step 1: Click the start button and select "All Apps"

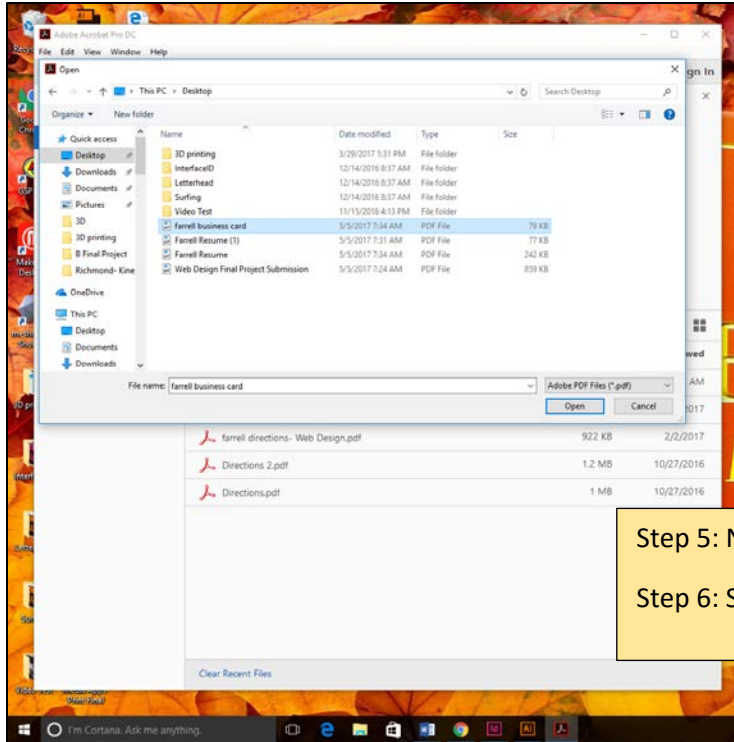

Step 2: Select "Adobe Acrobat DC"

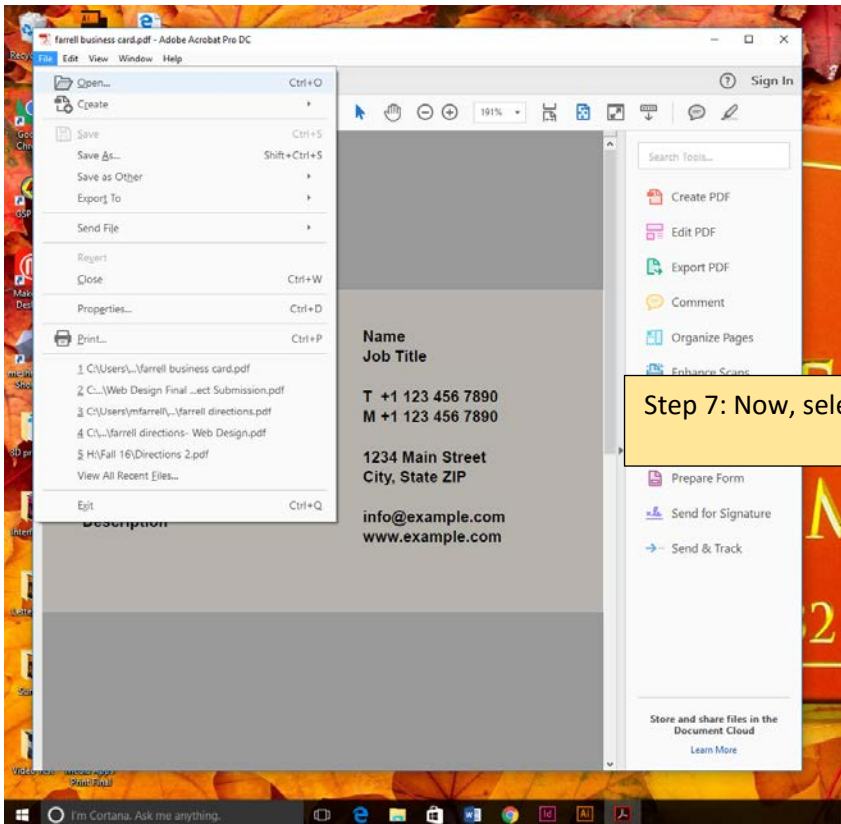

Step 3: If this dialogue box opens, select YES

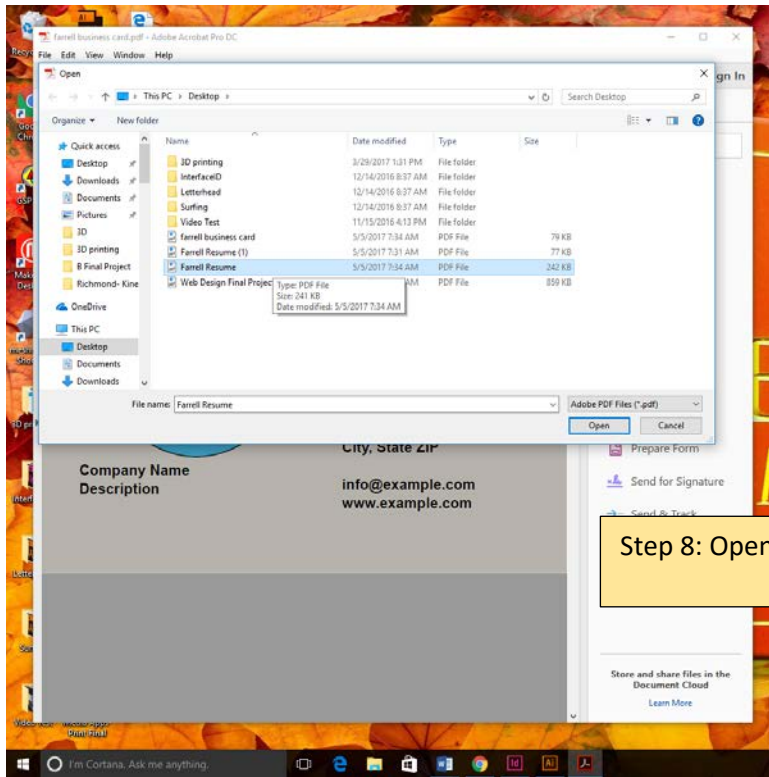

Step 4: Select File → Open

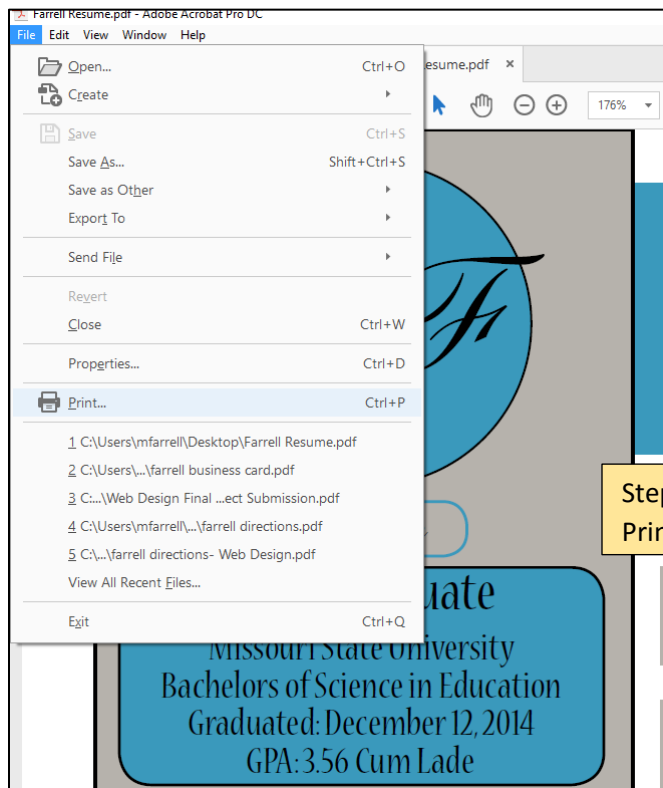

Step 5: Navigate to your business card  
Step 6: Select open

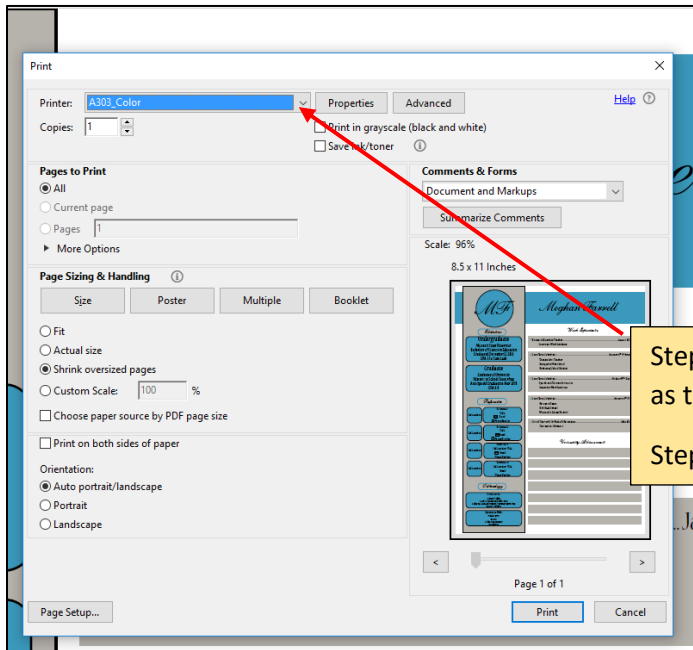

Step 7: Now, select File → Open

Step 8: Open your resume.

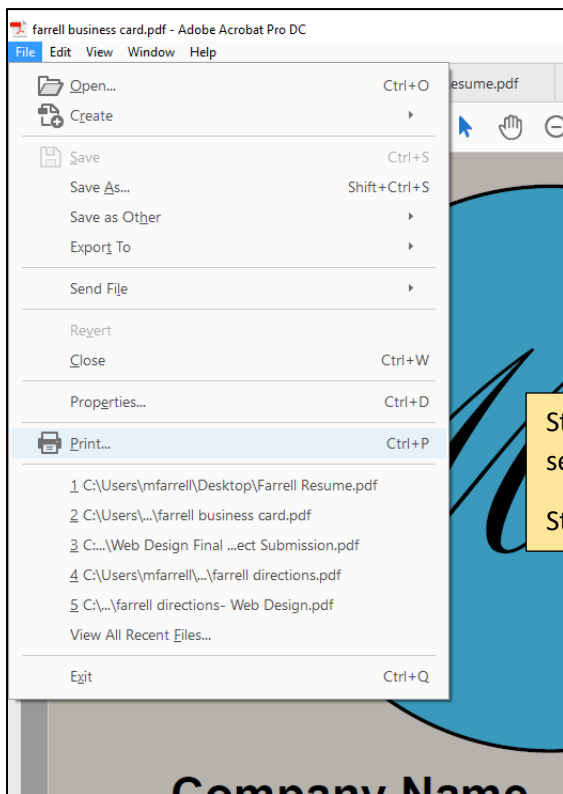

Step 9: With your resume open, select File → Print.

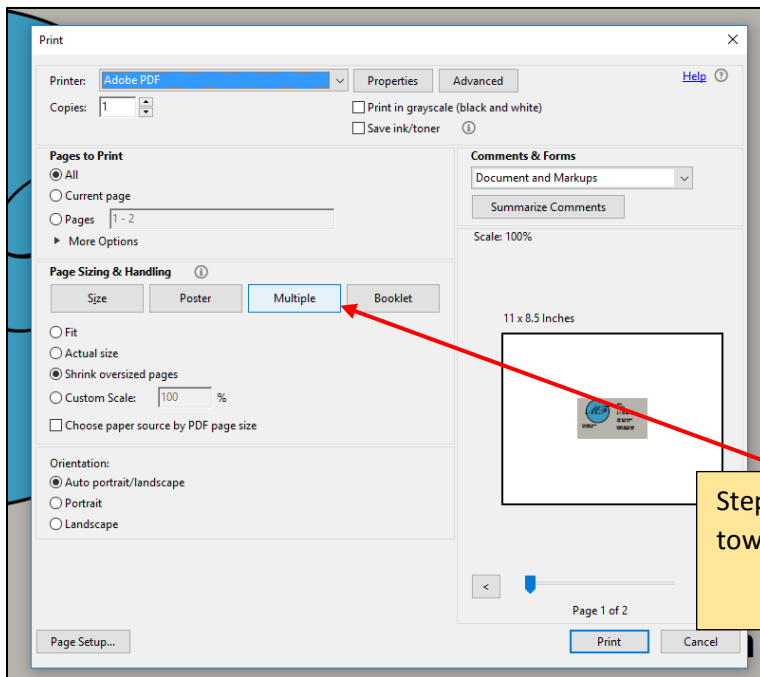

Step 10: Make sure you have selected A303 Color as the printer

Step 11: Click Print

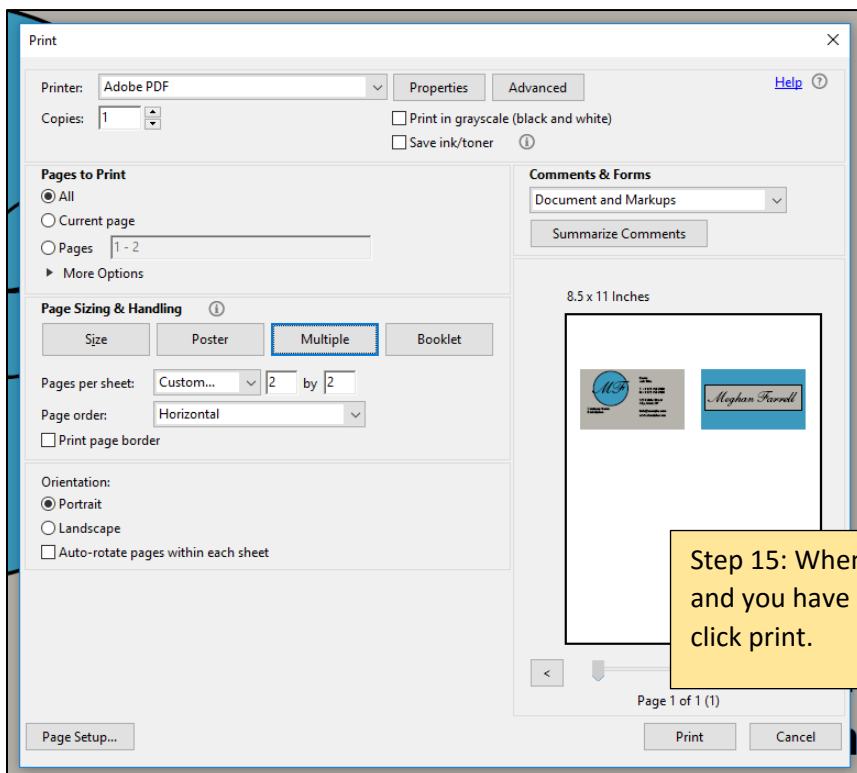

Step 12: Now, make sure your business card tab is selected (located at the top)

Step 13: Select File → Print

Step 14: Select "Multiple" which is located towards the middle.

Step 15: When your dialogue box looks like this, and you have selected A303 Color as your printer, click print.
